

Documentation for Your Healthcare Provider

Dr. Marshall's papers published in medical journals:

Sarcoidosis Succumbs to Antibiotics — Implications for Autoimmune Disease *Autoimmunity Reviews*, 2004; 3(4):295-3001.

You can print a copy of the PubMed abstract at this URL: <http://tinyurl.com/5rgmq> and the free full-text preprint is available from <http://yarcip.com/sarcoidosisuccumbs-preprint.htm> with the official-looking published version of the full-text available from the publisher (for a fee) at URL <http://dx.doi.org/10.1016/j.autrev.2003.10.001>

Antibacterial Therapy Induces Remission in Sarcoidosis. Marshall TG, Fenter B, Marshall FE *Herald MKDTS 2004g; Volume III: Release 1.* (The Journal of the Interregional Clinical-Diagnostic Center, Kazan, published in Russian translation). ISSN: 1726-6149 <http://tinyurl.com/94x4x>

Dr Marshall's recent work on molecular modeling describes the effect of the ARBs (and the superiority of Benicar at the appropriate dose) on the nuclear receptors of the immune system: **Common angiotensin receptor blockers may directly modulate the immune system via VDR, PPAR and CCR2b** (1-10-06) <http://www.tbiomed.com/content/3/1/1>

Dr.Marshall's 2006 FDA CDER presentation is titled **Molecular genomics offers new insight into the exact mechanism of action of common drugs — ARBs, Statins, and Corticosteroids.** A 'RealVideo 9' version is available online at url <http://autoimmunityresearch.org/fda-visiting-professor-7mar06.ram> The original DVD of the presentation can be requested from <http://autoimmunityresearch.org/fdacder.htm>

In the new textbook titled *Vitamin D: New Research*, published by Nova, you will find a chapter written by Waterhouse JC, Marshall TG, Fenter B, Mangin M, Blaney G on **High levels of active 1,25-dihydroxyvitamin D despite low levels of the 25-hydroxyvitamin D precursor — Implications of dysregulated vitamin D for diagnosis and treatment of Chronic Disease.**

Other papers by Dr. Marshall, many peer-reviewed:

Putative Antibacterial Mechanisms for Angiotensin II Receptor Blockers (5-9-04)

<http://www.joimr.org/phorum/read.php?f=2&i=53&t=53>

Bacteria in Sarcoidosis and a Rationale for Antibiotic Therapy in this Disease (10-5-03)

<http://www.joimr.org/phorum/read.php?f=2&i=48&t=48>

Antibiotics in Sarcoidosis — Reflections on the First Year (8-3-03)

<http://www.joimr.org/phorum/read.php?f=2&i=38&t=38>

A Review - Vitamin D and Calcium in Sarcoidosis (7-5-03) <http://www.sarcinfo.com/calcium.htm>

A Review - Dosing issues when using Minocin/Minocycline to treat Sarcoidosis (2-25-03) <http://www.sarcinfo.com/minocin.htm>

The Science points to Angiotensin II and 1,25-dihydroxyvitamin D (2-6-03)

<http://www.chestjournal.org/cgi/eletters/123/1/18>

New Treatments Emerge as Sarcoidosis Yields Up its Secrets (1-27-03)

<http://clinmed.netprints.org/cgi/content/full/2003010001>

Minocycline, doxycycline effective treatments for sarcoidosis (1-19-01) <http://tinyurl.com/2oqlm>

Other papers and materials your Healthcare Provider might find helpful:

Observations of Jarisch-Herxheimer Reaction in Sarcoidosis Patients (2-10-04) <http://www.joimr.org/phorum/read.php?f=2&i=51&t=51>

How To Start the Marshall Protocol: The First Three Months (10-17-05) <http://www.sarcinfo.com/phase1.pdf>

DVDs of the 2005 ARF Conference in Chicago, "**Recovering from Chronic Disease**", may be ordered from the Autoimmunity Research Foundation. Most of the background material explaining the pathogenesis, and the curative therapy for these Th1 diseases, is covered during the 12 hours of presentations, panels and tutorials in this collection.

DVDs of the **30TH Anniversary of Lyme Disease - An Educational Medical Conference** in Farmington, CT on May 7, 2005 (including Dr. Marshall's presentation) may be ordered from the Autoimmunity Research Foundation.
