

My Dear Mother

FAMILY • 2005v1 B/W • 40x59 STITCHES

For your mother on her birthday, Christmas, Mother's Day, or any day. I did a similar design for my mother and used 18ct Aida and gold DMC for a jeweled filigree look with the twirly lines. Designed for finish in custom frames. If you are using 18ct Aida, or comparable ct for silk or evenweave, it can fit in little oval craft frames. It will also work for a small pillow, memory box or quilt block. Introduced August 11, 2005, this sampler will always be a free download at carouselcharts.com.
